Model: CDG-1

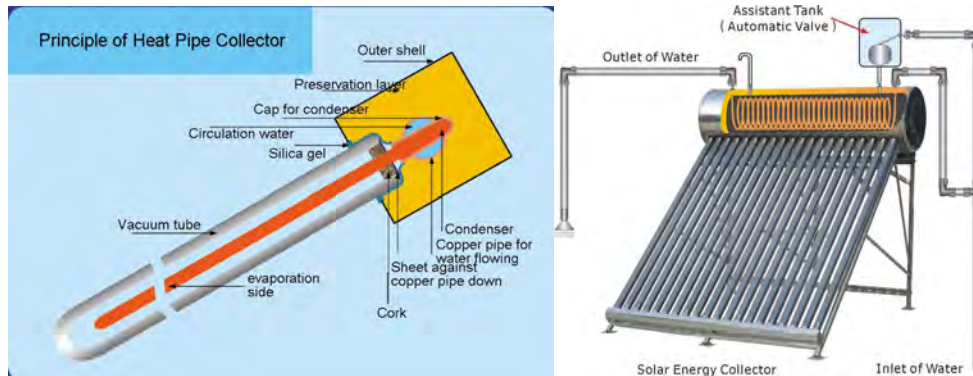

Direct Plug System

Compact Pressurized System

CDG Solar Thermal Systems

Superior Quality, Superior Independence

Price: \$ CDG-1 model above is available for \$1500

Other prices based upon model and size

* We provide an extensive range of industrial quality solar thermal systems, including compact (passive systems) and pumped (active systems), flat plate and evacuated tube collectors.

Spec Sheet

Whether for home, commercial or industrial use, we can provide our premium quality solar thermal at remarkable prices directly to you. Consult us for details and we can provide you with one of our pre-made systems or a system tailored to your requirements.

In addition, we make solar thermal systems specifically for urban use, including integrated and retrofit systems for condominiums, apartments and other high-rise units.

MODEL: CDG-1 SHOWN ABOVE HAS THE FOLLOWING SPECS;

External Shell: 0.4mm food grade stainless steel

Frame Material: 1.5mm high quality steel plate

Insulation: 60mm polyurethane foam

Heat Preservation: 72 hours

Hail Resistance: 20-30mm

Standard Pressure: 0.6MP

Tank Housing: Stainless and galvanized steel for excellent strength, corrosion/UV resistance and aesthetic quality

Inner Tank: Stainless steel with advanced Argon arc welds to ensure no leakage and premium quality

Insulation Layer: Advanced computer controlled installation of polyurethane

Efficiency: Advanced Na molecule technology for 20% increase in absorbency over traditional technology. Plus film coated to increase high heat conversion to work even during cloudy or rainy days

Vacuum Tubes: Strong borosilicate glass can withstand 25mm hail

Frame: Fits most roofs

The CDG is a world leader in providing answers to sustainable growth and management, whether for international organizations, governments, industry or home. The CDG provides a broad range of remarkable and useful products and services for daily life. The reason our quality is obtainable at superior pricing is directly related to the fact that we want it to be and we do it all ourselves, providing our products and services directly to you. We are here to provide the entire world with sustainable technology and project development - working with the planet, not against it. No excessive retailer mark-ups, no mediocre quality, no gimmicks.

We've landed!
